Multi Trade Voucher

The solution for the purchasing of small value items such as couriers, video hire, delicatessen, hotels (drinks), butchers, fruit and vegetables, groceries, take-away, dry cleaning, flowers or just about any regular trade purchases you can make. Just pre-purchase a Multi Trade Voucher then you, your family or friends can use it at any time in that business no matter how small the purchase.

SIMPLE, FAST and FRIENDLY for both the CUSTOMER and the MERCHANT.

How It Works

The Merchant completes a normal transaction 'selling' the Multi Trade Voucher to the Customer. After obtaining authorisation, the Merchant has been prepaid for the entire face value of the Multi Trade Voucher. The Customer is now free to make purchases at any time, however small or large, with the available balance on the voucher. Being prepaid means it is fully transferable so your spouse, children or friends can use the Multi Trade Voucher and sign for the purchase. A great GIFT IDEA!! If your business would like to use Multi Trade Vouchers then contact your Trade Co-ordinator.

Take advantage of another innovation from Bartercard to help make trading better for your business.

Gift Certificate

Gift Certificates allow a third party to purchase goods/services at your expense from another Member. Gift Certificates are simple and easy to use. Gift Certificates are ideal for incentive plans, promotional prizes, gifts, payment for work carried out by a non Member, etc. Ensure the expiry date allows reasonable time for a purchase to take place and that at the time of presentation the customer has available funds. Gift certificates can be obtained through your Brokerage or by contacting National Office.

Procedure for issuing/use:

1. Customer:

completes front of Gift Certificate (do not get an authorisation).

2. Bearer:

presents Gift Certificate to the Merchant.

3. Merchant:

a. obtains ID from bearer and completes back of Gift Certificate

b. obtains authorisation number

c. forwards Gift Certificate to Bartercard National Office

Ensure Gift Certificate is signed, has customer card number and expiry date.
